AAC 'L' ITEM NSN 6640-01-543-2928

USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301

UNIT PRICE: \$408.00

System Description: This incubator is a corrosion-resistant aluminum chambers with 1" (2.5 cm) fiberglass insulation that provide excellent temperature uniformity. The Plexiglas door option permits unobstructive viewing of samples and eliminates temperature changes from opening and closing the door. It has a rugged metal door with positive latch that provides an excellent seal ensuring temperature stability and uniformity. It has a bimetallic thermostat that controls heat uniformity in chamber, allowing adjustment of temperature of the unit to match thermometer setting. The red, spirit-filled thermometer contains no mercury and is accurate to NIST tolerances. The pilot light indicates when heaters are energized, allowing you to be confident that the unit is operating. The specially designed shielded heating elements eliminate safety hazards caused by spills.

Features:

Applications:

- Bacteriological cultures
- Hematology studies
- Chick embryo studies
